

# Fact Sheet: Lake Terrace and Lake Oaks Recovery Roads Repairs

City of New Orleans  
Department of  
Public Works

## Project Summary:

The City of New Orleans will implement a multi-million dollar, multi-year comprehensive infrastructure improvement program to repair Hurricane Katrina related sub-surface and road damages. Types of repairs deemed eligible for improvement by FEMA include utilities, sidewalks, American with Disabilities Act compliant ramps, driveway aprons, curbs and road paving.

## Project Facts:

**Phase I:** Between 2008-2009, the City of New Orleans performed citywide repairs to approximately 17,000 damage sites at an estimated cost of \$55.2 million. The total cost of Phase I repairs completed in the Lake Terrace and Lake Oaks area totaled approximately \$714,000.

**Phase II:** The Lake Terrace and Lake Oaks Recovery Roads program will include multiple construction repair projects with an estimated value for roadway improvements is approximately \$6,400,000. Design of the future road repairs is currently underway and is being closely coordinated with the Sewerage and Water Board of New Orleans. Lake Terrace and Lake Oaks construction is currently scheduled to begin in early 2015 and last through early 2016. Road resurfacing work will be limited in some areas of Lake Terrace and Lake Oaks.

## What to expect during construction:

Residents and businesses in the Lake Terrace and Lake Oaks area should exercise caution when driving, bicycling or walking near active construction sites. Residents can expect to experience temporary construction inconveniences such as limited access to areas within the construction zones, detours, movement of heavy equipment, safety signage and sounds.

In general, construction crews will be working from 7 a.m. to 5 p.m., Monday through Friday. The Lake Terrace and Lake Oaks engineering and design firm is Hatch Mott MacDonald. The construction contract is scheduled to be available for bid in late winter 2014.

## Funding Facts:

Neighborhood Area	Phase of Work	Design Firm	Total Estimated Repairs
Phase I Completed Repairs	Completed	NA	\$714,000
Phase II Estimated Repairs	Design	Hatch Mott MacDonald	\$6,400,000*
	Construction	TBD	
<b>TOTAL Repairs— Lake Terrace and Lake Oaks</b>			<b>\$7,114,000*</b>

\* FEMA inspectors will be working onsite with the City's design and construction contractor teams. During construction they are likely to identify additional storm damages that may be eligible for repair. In many cases it is likely the scope of work may be adjusted to include additional repairs.
